Media release

Assistance for flood-affected customers

Allconnex Water is offering assistance to its customers affected by the South East Queensland flood event of 10-14 January 2011.

CEO Kim Wood said: "We are offering up to \$100 off the water consumption charges of our customers whose properties have been inundated in these floods.

"This will assist with additional water used for clean up."

If your property has been damaged because of these floods, please contact Allconnex for assistance on our 24-hour telephone number 1300 000 WATER (1300 000 928).

On 10 January 2011 the Premier Anna Bligh declared more than three-quarters of Queensland - including Logan and the Gold Coast - a disaster zone due to the flooding.
