## Media release

### Allconnex Water headquarters to be established at Robina

Allconnex Water corporate headquarters will be based at Robina.

CEO Kim Wood said the business had signed an eight year lease with Robina Projects Australia for 3000sq m at The Rocket at the corner of Robina Town Centre Drive and Laver Drive, Robina.

"The building will accommodate 150 existing staff presently located at Nerang, Beenleigh and Cleveland," said Mr Wood.

"The move will consolidate Allconnex Water's corporate services that are currently dispersed across the three districts of the previous council-owned water businesses - Gold Coast, Logan and Redland."

Mr Wood said the new corporate headquarters would have the capacity to accommodate up to 280 staff.

"The establishment of a centralised corporate office will streamline business functions and provide improvements to operational activities and customers services," Mr Wood said.

"Robina was selected for to its proximity to public transport and the M1."

The relocation is scheduled for completion before the end of the 2010-2011 financial year.

Allconnex Water will continue to maintain offices and depots for operational staff in several locations throughout its service area of Gold Coast, Logan and Redland.
